TO OUR PATRONS

TO BE READ BEFORE
ORDERING

Non-warranty.—We wish it to be distinctly understood that, while we take all possible pains to have all plants and bulbs true to name, we give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering goods.

Our aim is to give value for value.

You are invited to inspect our stock.

We are enabled to ship promptly, as we are connected with two railroads and two express companies, the Adams and the United States.

We cannot hold goods on inquiries, or enter orders until we know the customer is responsible, and security is good.

Conditions of Sale

These rules will be strictly adhered to.

The plants named are offered at the rate quoted, provided not less than **fifty** of any one variety of vegetable plants, and not less than **five** of flower plants are taken. Where less than these numbers are ordered we reserve the right to charge retail price.

No order will be filled from this list for a less amount than **one dollar**, except to firms for whom we are constantly filling orders for their retail trade.

Unless orders so state, when out of any variety on an order we will substitute a similar one, giving its correct name.

All orders are sent by express unless a sufficient amount is sent to pay postage. When plants are

ordered by mail and not cash enough sent to cover postage, which is ten cents per 100 on seed-bed plants, and ten cents per dozen on pot plants, we will send plants to the amount only.

These quotations are made subject to crop failures, and goods being unsold upon receipt of order.

Prices subject to change without notice.

At the low price these plants are offered, our terms are strictly cash with order.

Remittances should be made either in the form of an Express Money Order, Bank Draft, Registered Letter, or Post-Office Money Order. When personal checks are sent we reserve the right to have the check cashed before shipping the goods.

Vegetable Plants

We believe we are one of the largest growers of vegetable plants in the United States, our facilities for the same being unexcelled, having over two and a half acres of glass for the special purpose of growing plants for the winter and spring trade, and about thirty-five acres for the growing of plants in the field.

On field-grown plants of Cabbage, Celery, Tomatoes, etc., we can fill orders for almost any quantity at any time, making liberal reductions on large lots.

SPECIAL PRICES

We have made preparations to grow Alternantheras, Ageratums, Coleus, Lantanas, Geraniums and Verbenas on quite an extensive scale, and will be in a position to make some very interesting special prices for these in large lots. We are sure to have a surplus of some varieties, and will offer them at \$15.00 per 1,000, providing that not less than 250 of any one of them are taken; and that the selection is left to us. They will all be good, strong plants from 2¼-inch pots, and a good selection of varieties. These special prices will be advertised in the trade papers. Watch for them, or write us. When goods are sold at this price it will be strictly for cash with order only.
